

QASIM SHAH

Junior Web Developer

Birmingham, UK | Quasim056@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFILE

First-Class BSc (Hons) Cyber Security graduate and Junior Web Developer with a front-end focus and practical full-stack experience. Built and deployed responsive applications using React, Next.js, TypeScript, Tailwind CSS, Node.js/Express, PostgreSQL/MySQL and Prisma. Security-aware, accessibility-conscious and experienced in technical troubleshooting. Seeking a junior or graduate web-development role with progression.

TECHNICAL SKILLS

Front End: HTML5, CSS3, JavaScript, TypeScript, React, Next.js, Tailwind CSS

Back End & Data: Node.js, Express.js, PostgreSQL, MySQL, Prisma

Deployment & Tools: Vercel, Railway, Git, GitHub, VS Code

Integrations & Quality: Stripe, Cloudinary, Resend, responsive design, WCAG 2.2, security-aware development

SELECTED PROJECTS

Streamline Logistics Group | Full-Stack Logistics Platform | 2026

[Next.js](#) • [TypeScript](#) • [Tailwind](#) • [Express](#) • [PostgreSQL](#) • [Prisma](#) • [Stripe](#) • [Vercel](#) • [Railway](#)

- Built a courier platform covering quotation, payment, booking, customer accounts, invoices, saved routes and tracking.
- Developed customer, driver and admin workflows including job/status updates, proof of delivery and customer/driver management; integrated Stripe, Cloudinary and route services.

myWLV Student Companion Redesign | Final-Year University Project | 2026

[React](#) • [JavaScript](#) • [Tailwind](#) • [Node.js](#) • [MySQL](#) • [JWT](#) • [WCAG 2.2](#)

- Built an accessible student companion prototype with dashboards, timetable, calendar, grades, staff information and search; used mock academic data rather than live university integrations.
- Applied user-centred/WCAG 2.2 testing: 88% of participants preferred the redesign and all tested pages scored 9+ after accessibility refinements.

EDUCATION

University of Wolverhampton | [BSc \(Hons\) Cyber Security - First Class Honours](#) | 2023-2026

Relevant: Advanced Web Development (90%), Introductory Programming (100%), Web Development, Collaborative Development, Project & Professionalism, Internet Software, Server Management.

Joseph Chamberlain Sixth Form College | [ICT Level 3 - Distinction](#) | 2022

PROFESSIONAL EXPERIENCE

Pharmacy Assistant | Carter's Pharmacy | Mar 2023 - Present

- Process prescriptions accurately in a busy healthcare setting; introduced a queue-management approach that improved organisation and reduced waiting times.
- Train/support new team members and placement students while handling customer queries, opening/closing duties and cash handling.

Customer Service Advisor | EE & BT | Jul 2023 - Sep 2023

- Handled 50+ inbound enquiries during busy days, using structured troubleshooting to resolve mobile, broadband, billing and account issues and explain solutions clearly.

Customer Service Agent | Capita - O2 & Virgin Media | Feb 2023 - Jun 2023

- Managed high-volume account/connectivity enquiries, diagnosed technical faults and resolved complaints professionally in a target-driven environment.

Strengths: Problem solving • Technical troubleshooting • Communication • Teamwork • Organisation • Attention to detail
